In her role she worked as a Teller and opened new accounts where she gained many skills and knowledge that will be beneficial in her new role. She is excited for this new opportunity and is enjoying learning farm and commercial insurance.

Sarah grew up near Athena, Oregon, and graduated from Weston-McEwen High School in 2015. She comes from an agricultural background and spent many summers while growing up working for wheat farmers and for her father's aerial application company.

In her free time, Sarah enjoys spending time at home working on house and yard projects and keeping up with her energetic Husky. She also enjoys reading, traveling to see family, and spending time with friends.
