

Adam was born and raised in the Hermiston community, and is excited to serve the community he was raised in. He attended Linn-Benton Community College in Albany, OR studying Business Administration. Adam has worked in Agriculture in multiple aspects for over 15 years, from running farming equipment to writing Crop Recommendations. Prior to joining Swansons Insurance Group he worked for Simplot Grower Solutions serving local farmers with crop input services and expertise as a Certified Crop Advisor. He has brought another perspective to the team with a great understanding of local cropping systems, as well as farm practices. His attention to detail, industry knowledge, and desire for service make him a great Producer for the Agency.

In his down time, Adam enjoys spending time with his wife Rylee, and children; Weslynn, Owen, and Hayden. You will find them engaged in local youth sports, enjoying outdoor activities, and exploring the Blue Mountains.
